Driven Motor

Precision
Engineered

The PowerTEC 818 HD Hard Drive Punch is the perfect machine for destroying 2.5" and 3.5" hard drives. It features a powerful chain driven motor, hardened nickel-plated punch bolt, and simple push button operation. This punch is rated for Security Level H-3 and NSA approved for hard drive destruction. It's precision engineered and guaranteed to provide many years of trouble-free operation.

Hardened nickel-plated punch renders hard drives unreadable.

Features/Benefits

- NSA Approved for hard drive destruction
- Security Level H-3 for the destruction of confidential digital media
- Hardened nickel-plated punch renders hard drives unreadable
- Chain driven continuous duty motor for slip-free power
- Illuminated chute opening with transparent safety cover
- LED keypad with easy-to-use controls for simple operation
- Rubber shock mounts suspend the motor and reduce vibration
- For safety, the punch stops when the door or chute cover are opened
- Thermally protected motor prevents overheating

Chain-driven continuous duty motor for maximum power.
