## Product Features

- Self-sharpening blade cuts in both directions
- Extruded aluminum guide bar for strength in trimming thicker material
- Automatic clamp holds work securely and prevents shifting
- Sturdy metal base provides a solid foundation
- German engineered for precision and accuracy
- Ground steel blade is encased in protective housing for safety
- Screened rulers and grid for easy alignment
- Adjustable guide for repetitive cutting
- Perfect for trimming paper, photographs, cardstock, and matboard

The Dahle 446 Premium Rolling Trimmer with a 36 1/8" cutting length is designed for precision trimming of thicker material. It features a ground self-sharpening blade, an extruded aluminum guide bar for strength, and an automatic clamp to prevent shifting. This German engineered cutter is ultraprecise and ideal for trimming paper, cardstock, and matboard.

### SELF-SHARPENING

This trimmer features a self-sharpening cutting system. No need to worry about replacing dull or worn blades, this system sharpens as you cut to maintain a perfectly honed edge. The blade's precision graduated edge will remove even the tiniest sliver of paper, and produce a clean, burr free cut.

### AUTOMATIC CLAMP

Holding your work securely by hand is no longer necessary. The trimmer's

integrated, automatic clamping system provides even pressure that prevents your work from shifting.

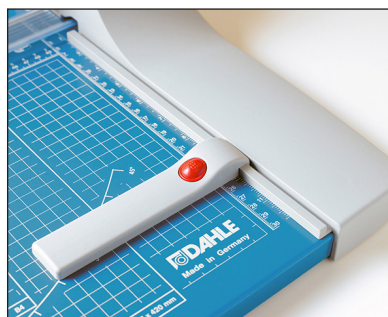

### METAL BASE

For durability, this German engineered trimmer features a sturdy metal base. It's a solid foundation that will never warp or crack.

### ALIGNMENT GUIDES

For measuring, the base contains carefully screened inch and metric guides to help align your cuts.

Dahle's 446 Premium Rolling Trimmer is a popular choice among professional photographers, print shops, and graphic design agencies.

Adjustable guide can be mounted on either side of the trimmer to easily line up repetitive cuts.

Features a ground self-sharpening rotary blade that cuts in either direction.
