# Shredding

My Dahle Since 1930

# A Strong Brand – A Quality Product

Trusted since 1930

## Dahle: Quality products since 1930

Engineered and developed in Germany, the Dahle name is synonymous with quality and innovation. Dahle offers a complete range of shredders that exceed even the most serious demands for performance. All products are factory tested before release to ensure complete customer satisfaction. Using the strictest standards for quality, each shredder is guaranteed to give the highest level of performance that customers have come to expect from Dahle.

by Dahle

<b>1930</b> Founded by Wilhelm Dahle on April 1 <sup>st</sup> , 1930	<b>1988</b> Start of production in Roedental Germany	<b>2002</b> Dahle develops first ShredMATIC® auto-feed shredders	<b>2015</b> Launch of Oil-Free MHP technology
<b>1984</b> Production begins on document shredders	<b>1990</b> Dahle launches the first Deskside shredder	<b>2010</b> Dahle introduces the first top-secret shredders with a 1mm x 4.7mm particle size	<b>2018</b> Dahle introduces ShredMATIC® auto-feed shredder range

# Why Choose Dahle?

## Need

Recent events have made shredding confidential information a necessity. Documents found in the trash are not legally protected so they're fair game to individuals looking to find out more information about you and your business. This explains the rapid increase in identity theft and industrial espionage. Federal security laws require that medical and financial institutions as well as business owners must

properly safeguard their client's personal information. What's the best way to dispose of this information? Shred it with a Dahle Professional Shredder.

## Quality

Dahle shredders are carefully engineered in Germany by Novus Dahle GmbH using the latest technology and finest materials. Each component is manufactured and assembled with precision

from over 89 years of experience. Dahle shredders feature cutting cylinders that are guaranteed to last a lifetime. Other components such as rubber shock mounts, electronic sensors, and a thermally protected motor produce a quality machine and peace of mind in knowing your Dahle shredder will provide many years of trouble-free operation.

## Number of Users

It's best to choose a shredder category based on the expected number of users. When making a selection, it's important to factor in anticipated company growth. While a certain size may satisfy your current needs, purchasing with the future in mind will benefit you in the long run.

## Security Levels

Under the international DIN 66399 standard, Dahle offers six security levels for document destruction. Each increase in security level represents a smaller particle (shred) size. It's important to note that a shredder with a greater security level will offer a lower sheet capacity compared to a lesser security model. Be sure to understand your company's security requirements before making a selection.

## Supplies

To ensure that your shredder operates at peak performance, we recommend using only Dahle branded supplies and accessories. These items were developed and tested with the longevity of your Dahle product in mind.

Model	Description	Quantity
20723	Dahle Shred Bags- For use with 8 gal. shredders	200
20724	Dahle Shred Bags- For use with 11 gal. shredders	100
20725	Dahle Shred Bags- For use with 23 & 30 gal. shredders	100
20726	Dahle Shred Bags- For use with 38 gal. and larger shredders	100

Model	Description	Quantity
20710	DAHLE CleanTEC® fine dust filter	1
20721	Dahle Shredder Oil- 12 ounce bottle	6
20722	Dahle Shredder Oil- 1 gallon bottle	4

# Special features

## that make shredding easy

### DAHLE CleanTEC® Air Filtration

- Traps harmful fine dust
- Improves air quality at work
- Provides a healthier environment

### Automatic EvenFlow Lubricator

- Provides slow, continuous oil
- Reduces heat & friction
- Maintains peak performance

### SmartPower Energy Management

- Reduces energy consumption
- Saves on electrical costs
- Environmentally friendly

### Multi-Media Shredder

- Shreds CDs & DVDs
- Shreds credit cards, paper clips, & staples

### Oil-Free Shredding

- Maintenance-free/hassle-free
- Maintains peak performance
- Environmentally friendly

### Automatic Jam Protection

- Eliminates frustrating jams
- No shredder down time
- Prevents damage to shredder

### Auto-Feed Shredder

- Shreds stacks of paper automatically
- Saves time and improves efficiency
- Safe and convenient operation

### German Engineered

- Over 89 years of experience
- Latest technology & design
- Trouble-free guarantee

# Protection against fine dust

## DAHLE CleanTEC®

Air pollution poses a health risk not only outdoors, but also in the office. Copiers, printers and fax machines are known sources of dust polluted air. Document shredders are also known to produce dust particles which can effect air quality.

DAHLE CleanTEC® shredders are equipped with an innovative dust filtration system. Both-ersome fine dust is collected directly above the cutting cylinders and captured in a filter before it enters the air.

- Closed system: Particles do not enter the room air
- Effective against ultra-fine particles (< 100 nm)
- Innovative Freudenberg (global technology leader in filtration) filter system "Made in Germany"
- Halogen-free filter, can be disposed of in household waste

DAHLE CleanTEC® fine dust filters achieve a reduction of fine dust by 98 % in the air.

Results of a measurement taken by the DMT testing institute for air hygiene on behalf of TÜV Nord (excerpt) using a Dahle 41534 CleanTEC® and a Dahle 40514 shredder.  
(30x insertions of 10 sheets of paper during the measurement)

# Auto-Feed

Save time with Dahle ShredMATIC®

Dahle auto-feed shredders are a convenient way to shred stacks of paper quickly and easily. Just insert your paper in the tray and the Dahle ShredMATIC® will take care of the rest. These oil-free shredders are German engineered for reliability and feature automatic jam protection to eliminate frustration.

# High Capacity

For high volume shredding

In today's society, there's nothing more risky than the accumulation of large volumes of confidential documents. A Dahle high capacity shredder is just the tool to destroy large quantities of paper in a short amount of time. These powerful machines fit nicely in a company mail room, or any centralized location where large volumes of documents are taken to be destroyed.

Security Levels

Special Features

## 20390

- Precision milled cutting cylinders
- Oil-free/hassle-free shredding
- Automatic jam protection
- Chain driven for maximum power
- Shreds CDs, credit cards, clips, & staples
- Recommended for 5+ users

P-2

Security Level: P-2

Sheet Capacity: 55

Waste Volume: 50 gal.

## 20396

- Precision milled cutting cylinders
- Automatic EvenFlow lubricator
- Automatic jam protection
- Chain driven for maximum power
- Shreds CDs, credit cards, clips, & staples
- Recommended for 5+ users

P-4

Security Level: P-4

Sheet Capacity: 38

Waste Volume: 50 gal.

## 20392

- Precision milled cutting cylinders
- Automatic EvenFlow lubricator
- Automatic jam protection
- Chain driven for maximum power
- Shreds CDs, credit cards, clips, & staples
- Recommended for 5+ users

P-5

Security Level: P-5

Sheet Capacity: 26

Waste Volume: 50 gal.

Special Features

## 20434 DS

- NSA-CSS Specification 02-01
- NSA Tested Volume Rating: Low
- Precision milled cutting cylinders
- Automatic jam protection
- Includes Pelican™ deployment case

P-7

Security Level: P-7

Sheet Capacity: 4

Waste Volume: 6 gal.

## 40434 41434

- NSA-CSS Specification 02-01
- NSA Tested Volume Rating: High
- Precision milled cutting cylinders
- Automatic EvenFlow lubricator
- SmartPower energy management
- Chain driven for maximum power

P-7

Security Level: P-7

Sheet Capacity: 8

Waste Volume: 30 gal.

## 40334

## 41334

- NSA-CSS Specification 02-01
- NSA Tested Volume Rating: Medium
- Precision milled cutting cylinders
- Automatic EvenFlow lubricator
- Automatic jam protection
- SmartPower energy management

P-7

Security Level: P-7

Sheet Capacity: 5

Waste Volume: 23 gal.

## 40534 41534

- NSA-CSS Specification 02-01
- NSA Tested Volume Rating: High
- Precision milled cutting cylinders
- Automatic EvenFlow lubricator
- SmartPower energy management
- Chain driven for maximum power

# The Dahle Advantage

what sets us apart

## CleanTEC® filtration

- Traps 98% of harmful fine dust
- Improves air quality at work
- Provides a healthier work environment

## Chain Driven Motor

- Provides continuous power and slip-free performance to the cutting cylinders

## Jam Protection

- The motor automatically stops and reverses in the event of an overfeed

## Thermally Protected Motor

- During extended use the shredder automatically shuts off to prevent overheating

## Wooden Cabinet w/Casters

- Attractive, modern design blends with any office environment

## SmartPower Energy Management

- Automatically reduces power consumption when idle and saves on electrical costs

## Rubber Shock Mounts

- Suspends the cutting head to isolate noise and reduce vibration
